

Power Supplies

Code: ADP121A

Power Supply | 12V DC | 1 Amp | 200 X 240 X 75mm

The Deedlock power supply units are switch mode units either 12V or 24V DC voltage with load outputs from 1 to 5 amps. These cost effective units are ideal for use in access control or general security, intruder alarm or fire applications.

Features & Benefits

- High efficiency electronics for reduced running costs and lower operating temperatures
- Installer safe design with all high voltage electronic fully shrouded
- Full electronic short circuit and overload protection on load output under mains operation
- Mains transient protection
- Lid open and REAR anti-vandal tamper detection

CQR Security, 125 Pasture Road, Moreton, Wirral, CH46 4TH
Sales: +44(0)151 6061000 (9am to 5pm Monday to Friday) **Tech:** +44(0)151 606 6311

Company Registration Number: 5192024 | VAT Number: 309 0409 27

- Green Mains Present LED
- Red Fault LED

Product Information

Type	Switch Mode
Low Voltage Stds	Low Voltage 2006/95/EC
Range	Deedlock
RoHS	RoHS 2002/95/EC
Finish	White Boxed

Technical Data

Ampere	1A
Voltage Output	12V DC
Main Input Fuse	3.0A 250V
Ripple	150mV max
Battery Backup	7Ah
Frequency	50 – 60Hz
Voltage Input	90-264V AC

Housing

Dimension Height (mm)	240
Dimension Width (mm)	200
Dimension Depth (mm)	75
